

WIENXTRA-Cinemagic

Cinemagic is an art house cinema for children and young people. We offer a varied and careful selection of films as well as low-priced tickets for schools, children's groups, families and young people.

The programme includes current releases as well as premieres and classics. Festivals, co-operations, special events and film education services such as film talks or workshops complete the diverse programme.

In order to be able to put together a special programme and give the audience good advice on the issues surrounding films, we carry out a lot of research, visit film festivals and are in contact with international film distributors and film institutions.

WIENXTRA-Cinemagic cooperates closely with the City of Vienna and in particular, with its Municipal Department for Child and Youth Welfare.
