

WIENXTRA FOR ADULTS / EDUCATION

WIENXTRA offers exciting educational opportunities to everyone who lives or works with young people. Anyone looking for new ideas for work, creative input or socio-political discussions will appreciate the educational programme: WIENXTRA-Bildungsprogramm.

Experts in recreation, media and educational play pass on their theoretical knowledge and practical expertise in seminars, courses, information evenings, workshops and conferences and present current topics for discussion.

WIENXTRA cooperates closely with the City of Vienna and in particular, with its Municipal Department for Child and Youth Welfare.

WIENXTRA-Institut für Freizeitpädagogik

Youth work, leisure, extra-occupational adult education, international exchange – this is where the Institut für Freizeitpädagogik comes in. In the educational activities we offer, beginners, experienced youth workers from Vienna as well as other interested parties will find information on all topics that are important for voluntary and full-time work with children and young people. ifp.at

WIENXTRA-Medienzentrum

The media centre has numerous opportunities for teachers who want to integrate media into their work: seminars, information evenings and the media education course provide ideas and methods that they can put into practice. Media centre staff will advise you on project plans and, if necessary, also support your project. medienzentrum.at

WIENXTRA-Spielebox

Playing games is fun and promotes concentration, team spirit, fine motor skills and many other abilities. In exciting educational events, experts impart knowledge in the field of educational play and show how games can be used specifically with children and young people at work or in their free time.
